NSN 4320-01-342-5082

Rotary Pump Unit - Page 1 of 1

View Online at https://aerobasegroup.com/nsn/4320-01-342-5082

Prime Mover Quantity: 1 Current Type: Ac Media For Which Designed: Water, fresh Pump Quantity: 1 Cooling Method: Blower cooled End Application: Ice making machine Pumping Element Operating Position: Horizontal Prime Mover Type: Electric motor Voltage In Volts: 115.0
Current Type: Ac Media For Which Designed: Water, fresh Pump Quantity: 1 Cooling Method: Blower cooled End Application: Ice making machine Pumping Element Operating Position: Horizontal Prime Mover Type: Electric motor Voltage In Volts:
Media For Which Designed: Water, fresh Pump Quantity: 1 Cooling Method: Blower cooled End Application: Ice making machine Pumping Element Operating Position: Horizontal Prime Mover Type: Electric motor Voltage In Volts:
Media For Which Designed: Water, fresh Pump Quantity: 1 Cooling Method: Blower cooled End Application: Ice making machine Pumping Element Operating Position: Horizontal Prime Mover Type: Electric motor Voltage In Volts:
Water, fresh Pump Quantity: 1 Cooling Method: Blower cooled End Application: Ice making machine Pumping Element Operating Position: Horizontal Prime Mover Type: Electric motor Voltage In Volts:
Pump Quantity: 1 Cooling Method: Blower cooled End Application: Ice making machine Pumping Element Operating Position: Horizontal Prime Mover Type: Electric motor Voltage In Volts:
Cooling Method: Blower cooled End Application: Ice making machine Pumping Element Operating Position: Horizontal Prime Mover Type: Electric motor Voltage In Volts:
Cooling Method: Blower cooled End Application: Ice making machine Pumping Element Operating Position: Horizontal Prime Mover Type: Electric motor Voltage In Volts:
Blower cooled End Application: Ice making machine Pumping Element Operating Position: Horizontal Prime Mover Type: Electric motor Voltage In Volts:
End Application: Ice making machine Pumping Element Operating Position: Horizontal Prime Mover Type: Electric motor Voltage In Volts:
Ice making machine Pumping Element Operating Position: Horizontal Prime Mover Type: Electric motor Voltage In Volts:
Pumping Element Operating Position: Horizontal Prime Mover Type: Electric motor Voltage In Volts:
Horizontal Prime Mover Type: Electric motor Voltage In Volts:
Prime Mover Type: Electric motor Voltage In Volts:
Electric motor Voltage In Volts:
Voltage In Volts:
115.0
Frequency In Hertz:
60.0
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
No
Fiig:
A19400
