Overall Diameter:

8.500 inches

End Application:

For horizontal split-case grease lubricated pump

Blade Quantity:

1

Blade Type:

Straight

Design Type:

Single width

Mounting Method:

Setscrew

Rotation Direction For Which Designed:

Clockwise

Setscrew Quantity:

12

Special Features:

Impeller assembly includes impeller p/n58629; two casing rings p/n46168; two impeller rings p/n 54252 and twelve setscrews p/n65281

Material:

Bronze

Material:

Copper alloy

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T114-c
