Overall Diameter:

14.000 inches

Major Components:

Diffuser 1, channel ring 1, casing ring 1, bushing 1

End Application:

4320-01-354-4776 ingersoll-rand co. Centrifugal pump

Mounting Configuration:

Interference fit and set screw

Special Features:

Cres mil-s-16993 class 1

Functional Description:

Diffuses and channel media

Relationship To Similar Equipment:

Similar to p/n f-5x8hbx487x3 but is different configuration

Supplementary Features:

Intermediate stage 4ea are needed

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T01200
