Cylinder Quantity:

1

Intake Connection Quantity:

1

Discharge Connection Quantity:

1

Drive Connection Type:

Rigid coupled

Pumping Element Type:

Diaphragm

Pump Reciprocating Design:

Single acting

Reciprocating Stroke Type:

Variable

Operation Method:

Manual

Special Features:

Option for handle, 230a-41 stainless steel wih grip; side inlet, off-set drive manual diaphragm pump; bronze, 2"npt-11-1/2

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A19400
