**End Application:**

Staffa hydraulic motor model hmb-010 series

**Special Features:**

Hat style head design; piston groove to accommodate 2 rings; has facility for ball-type rod connection

**General Description:**

Matl: brass (high tensile silicon)to bs2874 ref cz135; 40.0mm diameter x 1.5in.

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A23900
