Mounting Type:

Flange

Mounting Hole Quantity:

10

Bolt Hole Quantity:

8

End Application:

Compactor, hyster company, model c852b

Shaft Rotation Direction:

Clockwise and counterclockwise

Thread Location:

Internal

Connection Quantity:

4

Connection Design:

Flanged and threaded

Special Features:

First used on pending s/n per ecn 91901-15

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T103-f
