**Cylinder Quantity:**

1

**Media For Which Designed:**

Liquid

**Pumping Element Type:**

Piston

**End Application:**

King engineering corporation model 9642 king-gage indicator

**Pumping Element Operating Position:**

Vertical

**Pump Reciprocating Design:**

Single acting

**Reciprocating Stroke Type:**

Fixed

**Operation Method:**

Manual

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

A19400
