Cylinder Quantity:

1

Media For Which Designed:

Liquid

Pumping Element Type:

Piston

End Application:

King engineering corporation model 9642 king-gage indicator

Pumping Element Operating Position:

Vertical

Pump Reciprocating Design:

Single acting

Reciprocating Stroke Type:

Fixed

Operation Method:

Manual

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A19400
