Drive Connection Type:

Close coupled

Media For Which Designed:

Hydrocarbon fuels and oils

Pumping Element Type:

Piston

End Application:

Shipboard material handling equipment

Pumping Element Operating Position:

Horizontal

Pump Reciprocating Design:

Single acting

Drive Shaft Type:

Splined, involute external

Special Features:

USED-ON-CAT-ERPI

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A19400
