Overall Length:

5.000 inches

Overall Height:

7.250 inches

Overall Width:

8.000 inches

Major Components:

Volute 1; o-ring 1; impeller 1; ceramic seal 1; bracket 1; drain plug and o-ring 1

End Application:

Reverse osmosis watermaker, lifestream water systems inc., model sw7 627 463

Mounting Configuration:

Eight mounting holes

Special Features:

Booster pump head assembly

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T01200
