**End Application:**

Navy weapons systems a2, torpedo mk48

**Connection Type:**

Brazing, tube and solder, tube

**Connection Location:**

Outlet connection

**Connection Size:**

1.125 inches

**Pump Design Control Activity:**

25060

**Pump Model Number For Which Designed:**

D8a and d16a

**Special Features:**

Attaches a coalescing filter (smoke eliminator) to the exhaust port of trivac a pumps

**Material:**

Copper alloy

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A515f0
