Overall Diameter:

4.440 inches

End Application:

Navy weapons system jg, seawolf class ssn

Blade Quantity:

3

Design Type:

Single width

Mounting Method:

Thread

Rotation Direction For Which Designed:

Clockwise

Hub Location:

Centerline

Hub Quantity:

1

Product Name:

Semi-open non-clog impeller

Special Features:

Impeller for goulds model 3885 1 hp we1 (h) submersible effluent pump

Material:

Bronze

Material:

Copper alloy

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T114-c
