End Application:

Navy weapons code 26, propulsion systems

Connection Type:

Threaded internal pipe

Connection Location:

Outlet connection

Connection Size:

1.500 inches

Pump Design Control Activity:

19548

Pump Model Number For Which Designed:

165al-30

Special Features:

Discharge chamber for edson bone dry marine diaphragm pump

Material:

Aluminum

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A515f0
