Maximum Operating Pressure:

3000.0 pounds per square inch

Pump Quantity:

1

End Application:

Mast actuator

Portability:

Nonportable

Pump Type:

Rotary

Pump Drive Type:

Electric motor

Hydraulic Fluid Reservoir:

Included

Reservoir Capacity:

5.0 gallons

Accumulator:

Not included

Fluid Filter:

Included

Fluid Filter Type:

Pressure

Manifolding Hose Set:

Not included

Supplementary Features:

Vertical reservoir p/n 215145; cover plate for 56c frame p/n 99926; motor, 115vac, 3/4hp@1140 rpm, p/n v13508 56c; coupling spider model I-070-ure-oct, p/n 10395; motor half coupling, model 5/8 x 3/16, p/n 10424; pump half coupling, model 1/2 x 1/8, p/n 10421; pump/motor adapter p/n 152299; gear pump (ccw) p/n pzg1a1013s1; suction strainer p/n p5-3/4-100-rv3; relief valve cartridge p/n rah101s30; relief/port block (modified for sae ports) p/n arvc-8p; liquid filled pressure gauge p/n gg3000; also includes gauge shut-off valve

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No
