Maximum Operating Pressure:

10000.0 pounds per square inch

End Application:

Valves; w/s sub engineering and diesel sys

Operating Speed Quantity:

1

Hose:

Not included

Product Name:

Hydraulic pump

Special Features:

Steel hand pump; maximum handle effort 111 lbs; external load release valve; internal pressure relief valve; reservoir capaci type 40-453 in cubed; flow at rated pressure .16-.29 in cubed per stroke; o/a length 23.03 in; o/a width 5.25 in; piston stroke .81 in

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T103-b
