Overall Height:

7.830 inches

Overall Width:

7.320 inches

End Application:

Pump unit, axial pistons

Product Name:

Port block assembly

Special Features:

Port block assembly contains port plate, guide sleeve, needle bearing, pin, plug; material ductile iron; thickness 1.990in.; counter clockwise; unf

Material:

Iron

Type/model Designation:

Pv29-2l1c-j00

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A23900
