End Application:

Centrifugal pump shaft

Product Name:

Mechanical seal

Special Features:

Mechanical seal material: carbon steel ring, tungsten carbide retainer disk, stainless steel spring and viton elastomer seals; carver pump material code xf9110581316; 1.750 inch seal inside diameter

Material:

Stainless steel and plastic and tungsten carbide

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A23900
