End Application:

1.5 x 1-8, a-frame maxium pump

Special Features:

Wearing ring; inside diameter of wear ring (item 7) is undersize when furnished as a repair part and is designated as 999-4208-a-09-7a

Material:

Copper alloy

Material Specification:

Astm b505, jns c91000 assn standard single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A19900
