**End Application:**

1.5 x 1-8, a-frame maxium pump

**Special Features:**

Wearing ring; inside diameter of wear ring (item 7) is undersize when furnished as a repair part and is designated as 999-4208-a-09-7a

**Material:**

Copper alloy

**Material Specification:**

Astm b505, jns c91000 assn standard single material response

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A19900
