**End Application:**

Seawater cooling pump spcc id 11c-1750-20a4nm

**Product Name:**

Mechanical seal repair kit

**Special Features:**

Size: 1.500, type pss ii; materials: stator face, silicon carbide carbon; rotor face, silicon carbide aluminum oxide; metal parts, 316 stainless steel; springs, alloy c-276; secondary seals, fluoroelastomer, epr; pressure: 150psi (max); temperature: 250 degrees fahrenheit (max); speed: 3600 rpm (max)

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A23900
