End Application:

Seawater cooling pump spcc id 11c-1750-20a4nm

Product Name:

Mechanical seal repair kit

Special Features:

Size: 1.500, type pss ii; materials: stator face, silicon carbide carbon; rotor face, silicon carbide aluminum oxide; metal parts, 316 stainless steel; springs, alloy c-276; secondary seals, fluoroelastomer, epr; pressure: 150psi (max); temperature: 250 degrees fahrenheit (max); speed: 3600 rpm (max)

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A23900
