Reciprocating Pump - Page 1 of 1

View Online at https://aerobasegroup.com/nsn/4320-01-521-1370

Media For Which Designed:
Hydraulic fluid
Pumping Element Type:
Piston
Pump Reciprocating Design:
Double acting
Operation Method:
Manual
Features Provided:
Integral relief valve
Special Features:
Operating pressure range 0 to 103 bar; oper. Temp. Range minus 40 deg. F. To 250 deg. F; handle extension furnished
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
No
Fiig:
A19400
