**Overall Length:**

25.000 inches

**End Application:**

Rotary screw pump

**Pump Design Control Activity:**

59180

**Special Features:**

Rotor is the main pumping element for the lube oil pump on lpd-7 class ships; rotor has a special thread form; power rotor also includes a balance piston

**Material:**

Steel

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

A515j0
