Media For Which Designed:

Water, salt

End Application:

Pump w/mtr 300 gpm 50 hp (fire pump number 6)

Maximum Discharge Flow Rate:

300.0 gallons per minute

Operating Speed At Rated Capacity:

3500.0 revolutions per minute

Pumping Element Operating Position:

Horizontal

Prime Mover Type:

Electric motor

Prime Mover Power Rating:

50.0 horsepower

Special Features:

Electric motor-power rating: 50 hp; phase: 230/460 volt.

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A19400
