Inside Diameter:

Between 8.740 inches and 8.742 inches

Outside Diameter:

Between 9.385 inches and 9.389 inches

End Application:

S/a mhc-161.Od

Special Features:

Material is aluminum and bronze. .075 drill thur 6 places equally spaced. Split .035w after machining.

Height:

Between 0.157 inches and 0.158 inches

Material:

Aluminum alloy

Material Specification:

Mi-1-2 mfr ref all material responses

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A032a0
