End Application:

Pump, in port dump condensate

Product Name:

Shaft sleeve, upper

Special Features:

Weight 2.6 lbs.; hot finished and age hardened; for pump type 5-2 cv-18 w/special sleeve bearing

Material:

Nickel alloy and copper alloy and aluminum alloy

Material Specification:

Qq-n-286 uns n05500 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A045a0
