End Application:	
Light amphbious resupply craft (larc v) slep	
Shaft Rotation Direction:	
Counterclockwise	
Connection Design:	
Threaded	
Displacement Type:	
√ariable	
Product Name:	
Hmv-02 series variable motor	
Special Features:	
Control type: hydraulic infinitely variable control. Control range: 4-16 bar. Porting: metric straight thread o-ring port (iso 6149). Mounting:	
sae d, 2-bolt. Shaft: ansi. Purge/flushing: closed loop (direct relief). Port orientation: radial ports.	
Shelf Life:	
N/a	
Unit Of Measure:	
-	
Demilitarization:	
No	
Filg:	
Г103-f
