**End Application:**

Pump group

**Product Name:**

Pump, centrifugal

**Special Features:**

Self-priming to 20ft.; use for liquid transfer applications such as draining and processing waste water; self-cleaning cast iron impeller; continuous duty; pump must be hardwired; motors generate 3450 rpm; max. Temperature 180 degrees f; 1-1/2 h.P.; 1 phase; 1-1/2in. Connections, npt female intake/discharge; wetted parts 304 ss; open dripproof motor

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A19400
