Centrifugal Pump - Page 1 of 1

View Online at https://aerobasegroup.com/nsn/4320-01-546-6496

End Application:
Pump group
Product Name:
Pump, centrifugal
Special Features:
Self-priming to 20ft.; use for liquid transfer applications such as draining and processing waste water; self-cleaning cast iron impeller;
continuous duty; pump must be hardwired; motors generate 3450 rpm; max. Temperature 180 degrees f; 1-1/2 h.P.; 1 phase; 1-1/2in.
Connections, npt female intake/discharge; wetted parts 304 ss; open dripproof motor
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
No
Fiig:
A19400
