Mounting Type:

Flange

End Application:

Assembly, beach module ramp

Pump Rotation Direction:

Clockwise

Rotary Pump Design:

Vane

Operation Method:

Powered

Product Name:

Vane pump single series

Special Features:

Pump description: frame size 10-90 cm cubed/r, displacement 25 cm cubed/r, inlet port type sae j518 4-bolt split flange, outlet port type sae j518 4-bolt flange, outlet port position opposite inlet port, shaft seal single primary, seal type buna n, shaft rotation right hand (cw), paint blue, design code 32.

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A19400
