Overall Length:

6.562 inches

Features Provided:

Keyway and slotted and splined

Product Name:

Rotor-fuel pump

Pump Design Control Activity:

72915

Shaft Largest Diameter:

Between 0.6238 inches and 0.6240 inches

Rotor Diameter:

Between 2.500 inches and 2.501 inches

Special Features:

Rotor head has 9 teeth equally spaced

Material:

Steel

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A514p0
