Mounting Type:

Trailer

Media For Which Designed:

Water, fresh

End Application:

Bear water supply system

Maximum Discharge Flow Rate:

400.0 gallons per minute

Operating Speed At Rated Capacity:

1800.0 revolutions per minute

Prime Mover Type:

Diesel engine

Prime Mover Power Rating:

62.0 horsepower

Product Name:

400gpm pump unit

Special Features:

Consists of trailer mounted multifuel powered pump

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A19400
