End Application:

Boat, mini, tug 3916 bb

Product Name:

Pump, piston

Special Features:

Single piston; righthand clockwise rotation; mounting flange: 2 bolt sae a mount: flow: 11.0 gpm; max. Speed: 2500 rpm; continuous pressure: 3000 psi; max. Intermittent pressure: 4000 psi; continuous allowable case pressure: 25 psi; max. Continuous inlet temperature: 225 degrees f; min. Operating temperature: -20 deg. F

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A19400
