End Application:

Hydraulic system

Product Name:

Hydraulic pump

Special Features:

Aluminum alloy body, steel shaft, buna-a oring, polytetrafluoroethylene bearings; 3000psi output; left hand rotation; 5/8 inch splined shaft; 1.625 and 1.032 inch threaded connections; .75 inch fluid ports

Material:

Aluminum alloy and steel

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A23900
