**Pressure Rating:**

0.03 pounds per square inch or 4.35 pounds per square inch

**Special Features:**

Shaft diameter 140 mm; bore diameter 160 mm; seal width 12 mm; -40 to 200 c operation temp; 1910 r/min rotational speed

**Material:**

Stainless steel

**General Description:**

Radial shaft seal

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A23900
