Overall Length:

3.450 inches

Overall Diameter:

8.500 inches

Special Features:

Steel parts 316 ss, o-rings and gaskets ethylene propylene, spring hastelloy c

General Description:

Split seal, shaft size: 5.5 inches, speed: 4000 fpm, modified for lcu installation

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A23900
