Mounting Hole Quantity:

8

End Application:

3805-01-552-4487

Housing Material:

Iron, cast

Displacement Type:

Constant

Product Name:

Ncr05 sahr cid 9 tooth

Special Features:

Max speed 240 rpm; motor rated for maximum operating pressure 414 ba (6000 psi) peak pressure not to exceed 2% of operational time; motor rated for maximum allowable case pressure 10 bar(145 psi)

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T103-f
