**Maximum Operating Pressure:**

10000.0 pounds per square inch

**End Application:**

Mcxii portable documenting calibrator

**Inlet Connection Quantity:**

1

**Outlet Connection Quantity:**

1

**Operating Speed Quantity:**

1

**Hose:**

Not included

**Product Name:**

Pneumatic and hydraulic handpump

**Special Features:**

Hand pump for generating vacuum, gas and hydraulic pressures; 28.5 inhg; 600 psi medium pressure

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

T103-b
