Maximum Operating Pressure:

10000.0 pounds per square inch

End Application:

Mcxii portable documenting calibrator

Inlet Connection Quantity:

1

Outlet Connection Quantity:

1

Operating Speed Quantity:

1

Hose:

Not included

Product Name:

Pneumatic and hydraulic handpump

Special Features:

Hand pump for generating vacuum, gas and hydraulic pressures; 28.5 inhg; 600 psi medium pressure

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T103-b
