Connection Location:

Inlet connection

Connection Size:

1.9685 inches

Product Name:

Water inlet connection

Pump Design Control Activity:

15434

Special Features:

Connection type: beaded, connection location: horizontal out from engine, centerline: 9.5075 inches, from crank centerline 4.7244 inches.

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A515f0
