Special Features:

Operating pressure: maximum intermittent (bar): 480; maximum continuous (bar): 420, motor operating speed (rpm): maximum intermittent: 7 300; maximum continuous: 6 700; min continuous: 50, motor input flow: maximum intermittent (1/min): 219; maximum continuous (1/min): 201, main circuit temp: maximum 80 cel, min -40 cel

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T103-f
