Mounting Type:

Flange

Cylinder Quantity:

1

Intake Connection Type:

Octagon flange

Drive Connection Type:

Helical gear

Media For Which Designed:

Hydraulic fluid

Pumping Element Operating Position:

Horizontal

Volume Control Type:

Hydraulic cylinder

Control Location:

Center

Product Name:

Pump, hydraulic subassembly

Special Features:

Next higher assembly p/n 3029076-001; used on pv3-160-15

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A19400
