**Pressure Rating:**

0.52 bar

**Wattage Rating:**

0.12 kilowatts

**Product Name:**

Immersion pump

**Special Features:**

One-stage rotary pump; semi-open impeller is fixed on the driving shaft extension; pump mechanism is gasket-less; vertically mounted pumps are equipped with a mounting flange; pump end immerses into the tank and motor extends above the tank

**Gross Weight:**

4.7 shipping container kilograms

**Color:**

Blue

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A23900
