Flow Direction:

Parallel

Design Type:

Limited

Filtering Media Design:

Mesh single filtering media response

Filtering System For Which Designed:

Full flow

Special Features:

3.5 gpm

Material:

Any acceptable filtering medium

Media For Which Designed:

Fuel/oil, hydrocarbon

Style Designator:

Round (basically flat)

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A24000
