Body Diameter:

5.100 inches

Body Inside Diameter:

1.532 inches

Flow Direction:

Outside in

Design Type:

Limited

Bodylength:

7.688 inches

Filtering Media Design:

Multiple stacked disks single filtering media response

Special Features:

W/synthetic rubber o-ring

Material:

Paper filtering medium and plastic filtering medium

Media For Which Designed:

Fuel/oil, hydrocarbon

Style Designator:

Multiple stacked disks, w/out cleaning blades

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A24000
