Design Type:

Reusable

Bodylength:

18.000 inches

Filtering Media Design:

Multiple stacked disks single filtering media response

Material:

Aluminum filtering medium and copper alloy filtering medium

Media For Which Designed:

Fuel/oil, hydrocarbon

Style Designator:

Multiple stacked disks, w/out cleaning blades

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A24000
