Body Height:

8.937 inches

Design Type:

Reusable

Filtering Element Quantity:

1

Maximum Operating Pressure:

100.0 pounds per square inch

Special Features:

Micron particle removable percent 0.1 to 99.999

Material:

Plastic polycarbonate body

Style Designator:

Unthreaded shell

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A24000
