Body Height:
8.937 inches
Design Type:
Reusable
Filtering Element Quantity:
1
Maximum Operating Pressure:
100.0 pounds per square inch
Special Features:
Micron particle removable percent 0.1 to 99.999
Material:
Plastic polycarbonate body
Style Designator:
Unthreaded shell
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
No
Fiig:
A24000
