Fragility Factor:

Moderately rugged

End Application:

1427-01-093-7405 guided missile

Material:

Stainless steel

General Description:

Material, 304l cres investment cstg ams 5370 (alternate material, 347 cres investment cstg ams 5362)

Fsc Application Data:

Guided missile components

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A23900
