Flow Direction:

Parallel

Design Type:

Reusable

Filtering Media Design:

Mesh single filtering media response

Filtering System For Which Designed:

Full flow

Special Features:

Used on inverted vent type

Material:

Nickel alloy body

Media For Which Designed:

Water

Style Designator:

Round (basically flat w/ opening)

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A24000
